

8. [Rev. Martin Luther PIPKIN](#), b. ca 1798 in Wayne Co, NC, according to very early census, not 1794, as some descendants state. He moved with his parents to Darlington District, SC, soon after 1801, where they remained until the family & other connecting kin moved again in late 1810, settling in Pulaski Co, GA, until late 1818, & he witnessed his father's signature at the time in which his father sold his land in Pulaski Co, GA, in NOV 1818. Then they moved to Alabama with other connecting kin, and it is 'assumed' they settled in an area close to Belleville, Conecuh County, AL, where his father ministered the *Sardis Methodist Church* for a number of years. After the deaths of their parents, they moved westward to AR.

Martin was also an ordained Methodist Minister. Written in the *Diary of Rev Peter HASHEW of the Alabama Conference of the Methodist Episcopal Church*, being in charge of the *Belleville Circuit* - wrote "The night of May 18, 1840, I spent the night with Martin PIPKIN." and then he added "I preached the funeral of Martin's mother May 17th and she had died on March 5th, 1840."

Lucie "CLIFT" PRICE, who was the president of the *Pipkin Family Association Newsletter* until shortly prior to her death, offered considerable information on her ancestor, Martin Luther PIPKIN in the MAY 1966 issue, mostly pertaining to his service in the *War of 1812*. She found a book, *History of Pulaski and Bleckley Counties, GA, 1808-1956*, printed in 1957 by the *J. W. Burke Company* of Macon, GA, and sponsored by DAR. She had learned that the *National Archives* in Washington, D.C. had no record on Martin, David or Barnabas' service except a *Bounty Land Warrant* for Martin, which I will mention later. Although, the above mentioned publication did offer some sparse information on pages 125-128, of which contained the muster rolls of military records of Pulaski Co, GA, for 1779-1837. Included are Privates David PIPKIN and Martin PIPKIN under the command of Captain Allen TOOKE in AUG 1813.

There was also a pay roll on a detachment of the *Pulaski Co, GA, Militia*, dated 29 OCT 1814, under the command of Captain ALFORD agreeable to regimental orders of 6 AUG 1814. [None of this makes much sense to me because of the manner in which it was presented in the book.] His brother David PIPKIN stated that Martin served as a private, an ensign, and as a lieutenant. Other information proves that Martin PIPKIN was an Ensign in 348th *District Company of Pulaski Co, GA Militia*, 12 SEP 1812. That he was a Private in *Capt Fort ALFORD's Company, GA Militia*, 2-12 SEP 1813 at *Fort Mitchell*; and an Ensign in same Company on 9-13 AUG 1813.

Ensign Martin PIPKIN - 9-13 AUG 1814, paid \$1.35, pay per month was \$8.00, his place of service was listed as *Fort Pike*. Sergeant Barnabas PIPKIN received \$20.00 pay per month and he was stationed at *Fort Mitchell* and he did not receive any pay at that particular time. [Being an 'Ensign' at that particular time would indicate to me that Martin was in the Navy, but it is not mentioned any further.]

It is very evident that the PIPKIN family left GA in 1818. I do not know if this might be a contributing factor as to why they left Georgia in 1818, but the *Indian Lands* were opened up in Tuscaloosa Co, AL, which was formed in 9 FEB 1818. They may have decided to look for land there, because it is written in Martin Luther's Bible that he m. Nancy [Fereba] "BEASLEY" in DEC 1818 in Tuscaloosa, Tuscaloosa Co, AL. He may very well have met her there. Nancy was b. 1799-1800 in Darlington District, SC. She was a sister to John BEASLEY, Richard BEASLEY & Mary Pheraby BEASLEY who m. Rev Lewis PIPKIN. She also had other siblings.

Nancy & Martin moved from Conecuh Co, AL, to Ouachita Co, AR, with the others. Nancy Fereba died in 1858 & would have been between 58 & 59 years of age and buried prior to Martin naturally, in the same cemetery with Martin upon his death, but her name is not on any cemetery survey. Martin d. in 1865 at the approximate age of 67, in Lafayette Co, AR, & he was buried in the *Sardis Methodist Church Cemetery* near Stamps, Lafayette Co, AR, the cemetery was near his home. Unfortunately it was mentioned that Martin's Bible records had been lost by 1966. [2002 - There is no longer a single PIPKIN tombstone showing at the *Sardis Cemetery*. Fortunately, though, there is a record of the PIPKINS that were buried there, & they ALL were descendants of Martin & Nancy.]

Census information indicates that he lived in Harrison Twp, adjacent to Leake Twp, the old stomping grounds of my MIXON & SANDERS kin. Those county line boundaries changed all of the time, but their residence generally did not.

Montgomery Clerk of the Circuit Court within and for the County and State aforesaid Martin PIPKIN aged 61 years, a resident of Lafayette County in the State of Arkansas, who being duly sworn according to law, declares that he is the identical person, who was a private and ensign in the company commanded a part of the time by Captain Ephraim Phillips and a part of the time by Captain David Pipkin in the Regiment guarding the Georgia frontier in Pulaski County commanded by Col. Duke (his christian name he does not recollect) in the war with Great Britian declared by the United States on the 18th day of June 1812, that he was drafted in said County of Pulaski (the precise date he can't recollect & for how long he cannot positively state, ten days as a private and ten days as an ensign and was honorably discharged at Hartford Pulaski County in the State of Georgia (having lost his discharge he cannot recollect the date thereof). He makes this declaration for the purpose of obtaining the bounty land to which he may be entitled under the act approved March 3, 1855. He also declares that he has not received a warrant for bounty land under this or any other act of Congress nor made any other application therefor.

We Richard Tatum Sr and Richard Tatum Jr, residents of Lafayette County in the State of Arkansas, under our oaths, declare that the foregoing declaration was signed and acknowledged by Martin Pipkin in our presence and that we believe, from the appearance and statements of the applicant that he is the identical person he represents himself to be.

[The PIPKINS & the TATOMs intermarried many times during this ancestry, so they were connecting kin.]

State of Arkansas - Columbia County - Be it remembered that on this 25th day of October 1855 before me C. W. Murphy an acting and duly commissioned Justice of the Peace in and for the County and State aforesaid personally came David Pipkin Who being by me duly sworn according to law deposes and says that said Martin Pipkin served ten days as a private under a Lieutenant name of said Lieutenant I cannot now recollect and (he) the aforesaid Martin Pipkin served ten other days as Lieutenant himself and I do hereby certify that I as Captain of the Militia Company of my District in accordance with orders from the proper authority drafted the aforesaid Martin Pipkin with ten others out of my company and sent them to Hartford Pulaski County State Ga. And do also certify that I visited them while in camps and saw him in actual service all the War of 1812.

Sworn to and subscribed before me on Acting and duly commissioned Justice of the peace in Columbia County and State of Arkansas this 25th day of Oct. 1856. [Why doesn't this say 1855?? Typing error??]

Bounty Land Warrant #BL Wt 52025-160-55 for Martin Luther PIPKIN - The 160 refers to 160 acres and the 55 is the year of his *Application*. Land was contained in Helena, Pulaski County, AR [now Little Rock] & it was transferred over by Martin into Stephen BEASLEY's name, one of his wife's brothers. This transaction was

approved by President James BUCHANAN & dated 1 MAR 1860. Stephen had also earned the right for *Bounty Land* anyway because he also served in the *War of 1812* along with the PIPKIN brothers and other connecting kin.

[The 'thought' runs through my mind, did Stephen BEASLEY remain there? That land in a few short years would have been worth a small fortune. It will take some research to sort this out, but if & when I do, the verdict will be contained in my 'pending' compilings of the *BEASLEY Ancestry* to be done at a much later date. I am not very well schooled in regard to the BEASLEY Ancestry at this time because I have concentrated my efforts on the PIPKIN Ancestry for a number of years. I certainly am in dire need of a lot of help in that regard from knowledgeable descendants of the siblings of Pheraby BEASLEY because there does not seem to be much reliable information available.]

They moved to AR ca 1845. Charles was a *Private in Company 'G', 23rd AR Infantry, CSA* and was killed in 1865. He was buried in Richmond, Chesterfield Co, VA. I would assume that he must have been in the *Battle of Richmond*, but I have nothing to base that assumption on.

Children:

1. Cynthia PIPKIN, b. 1843 in AL. She was living with her grandfather in Ouachita Co, AR in JAN 1851. Nothing else is known of her at this time.
2. William Bascom PIPKIN, b. 1 MAY 1846 in Ouachita Co, AR, & was living with his grandfather in JAN 1851 in Ouachita Co, AR. He d. 9 MAY 1932 near Matador, Motley Co, TX, m. on 1 APR 1869 in Falcon, Nevada Co, AR, to Martha Ann "RILEY", called Mattie, b. 23 DEC 1852 in AR, d. 20 JAN 1933. They are both buried in the *East Mound Cemetery, Matador, Motley Co, TX*, & they had a double stone. His stone states that he was in *Co. E, Bird's Mississippi Cavalry, CSA*, although some of his descendants state that he served in the Civil War in the *Arkansas Confederate State Army*, which probably is true, just ended up in the *Mississippi Cavalry*. He drew a *Pension* from the State of Texas on File #46693. They moved from Arkansas to Freestone Co, TX, in 1893, then to Albany, Shackelford

Co, TX, in 1897, in the 1900 census in Motley Co, TX, and to Dickens Co, TX, in 1917. He was a devout Methodist & held family prayers morning & evening. His children answered Sunday School roll call with a bible verse. He always attended summer revivals even if it caused him to neglect his crops. His prayers 'would lift one to the Throne of Heaven' is how he is remembered. So it is fitting that he should have a son, Charles Dixon PIPKIN, and a grandson, Nathan Bascom PIPKIN, who were Methodist ministers.

PIPKIN settled in Turkey, Hall Co, TX, & was a pastor at the new *Methodist Church*. During his Pastorate, work on two buildings came in 1907. It was a custom during that period of time for the women to sit on the east side of the aisle & the men to the west side. The young people sat at the back of the church. The young girls wore beautiful long sleeved thin blouses over pretty colored camisoles. The skirts they wore with these blouses were of a different color. Charley

This Charley that was only 2 months old at the time of this census was non-existent according to the names of the children provided by the 1st son, William Neal. And where was William Neal during this census? If he was staying with kin when this baby was born & the baby died soon after the census, he probably would not have remembered the little fellow, IF there was no Bible notation available for William Neal to refer to in later years. I am going to go ahead & list this wee baby as the 2nd born. The mother does state in the 1910 census that she lost one child.]

As you can see, my son and daughter both followed their mother into the Adventist Church, but what's most important, they're both good Christian people. Hope to meet you someday and if you're ever in this neck of the woods doing research, please give me a call or come by.

He was the *Director of Religious Education* at the *First United Methodist Church* in Midland, TX. Since 1960 he has lead several groups of Christian workers, including nurses & dentists, to spend two weeks living & working with the cave-dwelling Tarahumara Indians in the Sierra Madres of Old Mexico. In his elder years, he became legally blind & went bowling in spite of it. [This gentleman has accomplished so much in his life time. I know that his ancestors would be very proud.]

Amarillo Daily News - Saturday, June 10, 1978 - Pipkin and friends off again - Mexico Bound - by Minnio GILLILAND - In just a little over a month - 800 miles, 37 bridges, 86 railroad tunnels and several centuries in exceptions away - Nathan Pipkin and a group from St. Paul's United Methodist Church will begin a two-week adventure in Mexico. The experience will be new for most of those going, but for Pipkin, the trip as become almost a lifestyle. This is his 18th journey in 14 years into the Sierra Madres of Mexico to live and work with the cave dwelling Tarahumara Indians who inhabit the high mountain terrain near Creel.

Pipkin is a diaconal minister in charge of Christian education at St. Paul's. He will take 25 on the trip this year, leaving on the 14th of July and returning on the 30th. Most of those going are high school seniors, Pipkin said. This is the minimum age level. *"There is no upper age limit, however,"* he said, *"and there's still room."* He recalls taking an 82-year-old one year. A nurse and a dentist will be among the travelers this year, *"not to take care of the group, but because their professions incline their interests to this sort of activity,"* he said, *"Ours is a 'helping mission'."*

The group will spend six days in and about Creel and will stay at one of the schools where they will prepare their own meals and take care of themselves. In addition, they will work. They will help paint and repair the schools, the playground equipment and clinic facilities. They will also observe school and church activities and help in other ways. *"It's not all work,"* said Pipkin. *"We have time for recreation and we attend church services at the Cussare Church for the Indians. It's maintained by the Catholic Church, and we work closely,"* he said. There is one thing they definitely do not do, said Pipkin. *"We make no attempt to teach anything of the Methodist religion."* *"As far as religion is concerned, the Catholic church is doing just about all that can be done in that area. We just work with the Jesuit priest and help where we can,"* said Pipkin.

The Tarahumara have no written language, the Methodist educator explained. *"Teaching and preaching both are at a disadvantage,"* he said. Some headway is being made, however, in helping the Indians with the simple exercise of identifying things with which they are familiar. *"Health and hygiene are the most important items on the curriculum"* he said. In preparation for the trip, the Amarillo people take many 'tools'. Travel instructions advise against taking any excess of personal things - *"carry half as many cloths as you think you'll need"* - but suggest many other items one would not normally think to take on a trip - scraps of soap, old but good clothes for children, ball point pens, crayons, tablets, hard candy, vitamins. A much longer and more diverse list is supplied later on. These things, of course, are not to be carried personally, but will be packed in boxes at the church and shipped in advance. Why Mexico? Why the Tarahumara? It's said that men climb mountains because they're there, said Pipkin. *"I go to the Tarahumara because they are there."* Pipkin accidentally discovered the tribe on a trip he made 20 years ago. It was just after the railroad from Presidio began operation. *"I noticed this little town on the trip down to Los Mochis on the coast. On the way back I persuaded the conductor to let me off,"* Pipkin said. *"The town was Creel. The conductor was dubious about accommodations,"* said Pipkin, *"and I soon saw why."* He found a little hotel on a hill above the village. *"The floors were dirt and there was no electricity or running water - just a bowl and pitcher on a stump. The bed was something else - bare springs."* But what could he expect, he said, for \$2.65 a night.

During his brief stay, he got his first look at the Tarahumara. *"They came into town and just sort of stood around. They were a pretty pitiful looking lot,"* he said. He was later to learn that they are considered to be the most primitive Indian tribe on the American continent. *"I*

never saw any people in greater need," he said. "I knew I would be back." Pipkin has made numerous trips since on his own and some with his family, but he says he has particularly enjoyed sharing the experience with his diverse travel groups. He seems to have infected his fellow travelers with his spirit of good will and desire to help. Alan Altman, the young man helping with the packing, is making his second trip to Creel. He's saved all year to have the \$500 needed for travel and expenses. This will be Judy Stewart's first trip, that she has been having too, and declares she "Wouldn't miss it for anything." These young people, and others applying to take the trip, expressed themselves in different ways, but their responses reflected a common purpose - to help. "We don't have to preach," said Pipkin. "The Tarahumara will know we're Christians - not by what we say - but by what we do."

AMARILLO DAILY NEWS - SATURDAY, JULY 11, 1981 - Area Residents to visit Mexican Indian mission - by Donna Malone - Stepping back several hundred years in time, a group of area residents were to leave Friday for a trip that will take them high into the Sierra Madres mountains of Mexico to visit a cave-dwelling trip of Tarahumara Indians. Nathan Pipkin, director of education at St. Paul's United Methodist Church, will lead the group of 14 people into the village of Gonachi, which is near the town of Creel in Chihuahua, Mexico.

The cave-dwelling Tarahumaras are among the most primitive Indians left in North America, according to a National Geographic study. Pipkin agrees. He has visited the Indians more than 20 times since 1962. He said the lifestyle of the Tarahumaras is so primitive most Americans cannot begin to picture it. They eat meat raw when they eat it at all, said Pipkin. They eat mice, deer or other animals that can be hunted in the rugged country. The tribe's appropriate name, Tarahumara, means 'foot runner'. "They are able to run 72 hours straight," said Pipkin, "and can catch a fleeing deer on foot."

These Indians are direct descendants of those who fled the Spaniard invasion of Mexico in the 17th century. They settled in an area now known as Copper Canyon, which Pipkin says is 4½ times as large as the Grand Canyon and 1,000 feet deeper. "The people have their own language, but it is not written" said Pipkin. "Because they live in damp, dark caves, more than 70 percent of the people have tuberculosis."

A clinic has been established in Creel where the people are not only treated but taught about sanitation and nutrition. "More than 80 percent of the children die before reaching the age of 5 years, mostly from malnutrition and starvation" Pipkin said. He said "It is not uncommon to find babies in the caves that weigh as little as ten or eleven pounds at two years of age."

The group leaving Amarillo for a two-week stay in the mountains with Tarahumara Indians took clothing, vitamins, food supplements, medical supplies and school supplies to the villagers. There is a catholic five-day boarding school located in Creel. It houses about 40 boys and 40 girls of various ages. Three teachers run the school and share the chores of teaching, cooking doing laundry, training the children and giving them medical attention. "The Indian's diet consists of mainly corn and some squash and beans."

Very little or no protein is available," he said. "We will assist with a pig breeding project by building pens and farrowing crates," Pipkin said. "Although there are two sows at the school, the Indians do not know how to breed animals for consumption. Goats and sheep are kept for fertilizing purposes only and are never used for milk or as a meat source," explained Pipkin. "We will spend time getting to know the Tarahumara Indians," he said. Other plans include painting the boarding school there, painting beds, and administering medical and dental care to the villagers.

Youth of the United Methodist Churches in the Amarillo district sponsored various fund raising projects to buy five metal plows for the Indians. "The metal plows will replace the wooden sticks they use in farming and will be pulled by people or a cow if there is one available," said Pipkin. "The unrelenting terrain near the village of Creel is largely responsible for the constant famine that plagues the people," said Pipkin. Only meager crops grow in the rocky, poor soil.

Pipkin, who accidentally discovered this cave-dwelling tribe on a trip through Mexico in 1962, described some of their primitive customs. Male-female courting begins and ends when the Indian girl, around the age of 11 or 12 years, selects her mate by throwing a pebble at him. If the feeling is mutual and the male responds, the marital relationship is immediately established and the two "go off and live in a cave together." said Pipkin. "There are no marriage rites. Women in this culture go off alone into the trees to have their babies. After giving birth the women cut the umbilical cord using a sharp rock," said Pipkin. Pipkin said the group leaving Amarillo includes a physician and a nurse, Dr. John Cantwell, a heart specialist from Atlanta, GA, and Peggy Blake, a nurse at Northwest Texas Hospital. There will also be a group of eleven young people traveling with the group.

A letter dated August 29, 1988, addressed to Col. Philip PIPKIN by B. Nathan PIPKIN states - "I am writing to give you the latest update on me. After 39 years as a Methodist Minister, I have retired from Mesa, AZ, and have returned to my home in Amarillo, Texas. My mother (Hattie Elizabeth Pipkin) whose husband was Lawrence Bush Pipkin, son of William Bascom Pipkin - is now living with me. She will be 87 years old come January 28. I appreciate the work you do for the association.

Sincerely, B. Nathan Pipkin"

Amarillo Globe-Times - Monday - October 14, 1991 - On A Roll - Nathan Pipkin, 67, is a legally blind veteran of World War II and a retired Methodist minister. During his prime, he could average more than 150, but he still bowls a respectable 100 or so, he said. The American Women's Bowling Association on Tuesday presented the Amarillo Veterans Administration Medical Center a donation to keep veterans rolling balls at Amarillo Bowl.

It was stated that Barney died during the Civil War. I found nothing that would indicate this particular Barney ever served in the Civil War. If this had been true, he would not have had the opportunity to have lived in New Mexico at a later date, although the informant was very insistent, so guess I will have to except that as a fact even though I can not prove it at this time. I never was able to locate him in any census.

He was living with his brother, John Winans PIPKIN, in the 1860 LaGrange Twp, Lafayette Co, AR, census & listed as a male, so this is most confusing to me.

Floyd had to cross a drainage ditch to get to the Inn, so he jokingly asked the manager to put a foot board there to keep him from falling. The manager, Mel WILSON, had a foot bridge built and named it the FLOYD H. PIPKIN BRIDGE. Mr. Wilson explained, "Mr. PIPKIN is such a fine man, and everyone who knows him cares about him. Children:

1. Carl Harold PIPKIN, b. 22 AUG 1918 in Beaumont, Jefferson Co, TX, attended *Beaumont Elementary Schools, Beaumont High School & Lamar Junior College*, commissioned as a 2nd Lieutenant upon graduation from *Texas A & M University* in 1940. He was sent to the Philippines in the summer of 1940 & was in charge of anti-aircraft in the coast artillery at *Fort Mills*. He was on Corregidor when it fell on May 5, 1942 & was captured after the fall of Corregidor while serving in *WWII*, & d. on 27 FEB 1943, as a POW in *Osaka POW Camp, Japan*.

The last letter that their son, Carl, wrote to his parents was dated 20 NOV 1941 & it wasn't until December of 1942 that they were notified that their son was a prisoner of war somewhere in Japan. When *Life Magazine* published a series of photographs of the death march on Bataan, they believed they saw their son marching in the first rank of American prisoners. Hopes for his life were revived, but on 10 JAN 1946, official word came that their son had died. General Douglas MacARTHUR's letter read - "*My deepest sympathy goes to you in the death of your son ... while a prisoner of war of the enemy. In your son's death I have lost a gallant comrade and mourn with you.*"

The *Carl H. PIPKIN U. S. Army Reserve Center* in Beaumont, Jefferson Co, TX, was named after him in 1958.

24 NOV 1958 - *Beaumont Enterprise* - Formal Ceremonies Dedicated Armory To Local Hero - by Sev SUNSERI -

A throng of several hundred guests, both military and civilian, city officials, Beaumont Chamber of Commerce members and the American Legion jammed the U. S. Army Reserve Center at 2:30pm yesterday to hear Brig. Gen. Earl Rudder, vice president of Texas A & M College pay tribute to the late First Lt. Carl H. Pipkin at dedication of the Armory. The armory officially was named in memory of the son of Mr. and Mrs. Floyd H. Pipkin, 670 Howell St., and was dedicated by Maj. Gen. Robert Gibbins Gard, USA, commanding general of the Eighth Corps Reserve, Austin, who designated it the Carl H. Pipkin Army Reserve Center. The late Lt. Pipkin died in a prisoner of war camp in Osaka, Japan after the fall of the Phillipines during World War II. Gen. Rudder, commanding general of the 90th Infantry Division Reserve of the Fourth Army, said he was honored to be selected as a guest to pay tribute to one who served proudly and lost his life in defense of his country. Attending the ceremonies was Col. Conad Hildebrandt, chief of the Fourth U. S. Army Reserve Division, Reserve Force Section, attending as special representative of the commanding general of the Fourth Army, Lt. Gen. Guy S. Meloy Jr. and Col. D. F. Brown, deputy commander of the Eighth Corps. Mr.

And Mrs. Floyd H. Pipkin, attended and occupied the seats of honor at ceremonies with other members of the Pipkin family. Introduced by Mayor Jimmie P. Cokinos, Gen. Rudder's address was followed by an address from Maj. General Gard who dedicated the Armory. Once a member of the military tribunal which conducted Japanese war criminals trials in Manila following the end of World War II fighting, Maj. Gen. Gard said "Lt Pipkin served his country according to the highest military traditions." "As a representative of Lt. Gen. Guy S. Meloy Jr., commanding general of the Fourth U. S. Army, it is a distinct pleasure to join with the citizens of Beaumont in the dedication of this Army Reserve Center." Addressing the deceased's father, Mr. Pipkin, Gen. Gard said "I would like to take this opportunity to thank Mr. Pipkin for consenting to the use of his son's name for this center, and for contributing a picture of him to the Center." "It is because of the courage and patriotism of citizen soldiers like Lt. Pipkin that we are a free nation today. It is with humility, respect, and gratitude that I dedicate this building the 'Carl H. Pipkin Army Reserve Center'." Gen Gard then drew the curtain and unveiled a portrait of Mr. Pipkin's late son, and a gold plaque naming the Center after his son. Both Mr. Pipkin, tax collector of the South Park School District, and Mrs. Pipkin, clad in black and wearing dark glasses and a corsage, listened intently while General Gard made the dedication. Selection of the name for the armory was made by a subcommittee of the Beaumont Chamber of Commerce Armed Forces committee following a request by the Army to memorialize the reserve center. On Dec. 7, 1941, during the attack at Pearl Harbor, he was serving in the Philippine Islands. He was taken prisoner by the Japanese while fighting in the defense of Corregidor in 1942, and died while a prisoner of war at Osaka, Japan in 1943. He was awarded, among other decorations, the Asiatic-Pacific campaign medal, the Philippine presidential Unit Citation Badge, and the Philippine Defense Ribbon. Ceremonies yesterday were preceded by an open house during which the public was invited to inspect the Armory and surrounding grounds. Presently classified as a two-unit armory with current participating strength of approximately 500 army reservists, the Carl H. Pipkin Army Reserve Center is situated on seven acres on the east side of Central Park, adjacent to the Navy and Marine Reserve Centers. The property was heretofore known as the Armed Forces Center. Closing remarks at the dedication were given by R. M. Frost, chairman of the Chamber of Commerce's Armed Forces Committee, which sponsored the event. Army Reserve units, led by Loren Fritz, commander of the American Legion Post No. 33, pledged allegiance to the flag, with the invocation delivered by Dr. Stewart Clendenin of the First Methodist Church of Beaumont. Lt. Col (Chaplain) James O. Moreman, USAR, Port Neches, and pastor of the First Baptist Church, closed dedication ceremonies with a benediction.

The newspaper clippings are quite old & worn, but they do show that Carl was a very handsome young man. There is no way that I can even envision the torment this family had to have gone through, as they had already lost their only other child in 1939.

Richard & his older brother, John Winans, enlisted as a Confederate in the *Civil War* together on 25 FEB 1862. Richard was a Private in *Company 'D', 12th Battalion Arkansas Sharpshooters* & he was in the unit when it was consolidated with *Company 'A', Dockery's 19th Arkansas Infantry*. He enrolled as R. D. PIPKIN. He was captured at Port Gibson, MS, on 3 MAY 1863 & taken to the Military Prison at Alton, IL. He was exchanged on 12 JUN 1863 at Three Chopped Road, VA. He drew \$25.00 a month pension from the State of Arkansas for this service.

I got the following Civil War information off of the Internet - 'Richard Davis PIPKIN, Co. D-Private. Enlisted in Co. A, 19th Arkansas Infantry at Lewisville, Arkansas, February 25, 1862; transferred to Co. D, 12th Arkansas Battalion, June 24, 1862; Present February 28, 1863; captured at Port Gibson, Mississippi, May 3, 1863; confined at Alton, Illinois; exchanged at City Point, Virginia, June 21, 1863, died, May 14 1925; married Josephine; filed Arkansas pension application #19965 from Lafayette County, 1901; listed in Arkansas 1911 Confederate Census at Stamps, Arkansas; bought land in Lafayette county in 1891.'

In the publication *Arkansas 1911 Census of Confederate Veterans, Vol. 3*, transcribed & edited by Bobbie J. McLANE & Capitola GLAZNER, Richard gave an interview, which is as follows:

[Bless his heart, he didn't remember his parent's names correctly & someone reading this would take what he said as being absolutely correct & it isn't totally correct. His father was not born in Charleston either. He sort of skipped around on where his parents were born according to the following census that was available.]

He had suffered a debilitating stroke. He was also buried in the *Ethel Cemetery*, next to his wife. Their stone bears the inscription *Together we toiled - Together we rest*. He was a s/o William W. CLIFT & Elizabeth Ann "NORWOOD". They moved near Ethel, Grayson Co, TX, in 1888. It is unknown what kind of education that Nancy had but she constantly encouraged her children to pursue an education. A number of them became teachers.

It is my 'thought' that the following article that Richard Pipkin CLIFT provided was published in a historical book about past citizens of Grayson County, TX, page 251 - [It does not state where, but I could be incorrect.] -

HENRY HARRISON CLIFT by Lucie Clift Price -
 Henry Harrison Clift and family moved to Grayson County in 1886 from Lafayette Co, AR. The family included his wife, nee Nancy Ann Delilah Pipkin and seven children - two daughters had died in AR. Nancy A. D. was born in Conecuh Co, AL, 29 July 1839, daughter of Martin Pipkin and Nancy Beasley. She and H. H. Clift married in Lafayette Co, AR, 30 Nov. 1865. Their children were Cynthia Witt born 1867, Charles Witt born 1868, Lucy Martin born 1869 (died 1870), William Henry born 1871, Lossie Morgan born 1872, Effie Pipkin born 1874 (died 1878), John Earl born 1876, Ben Thompson born 1878, Parie Jay born 1882 (changed his name to Jay Gould). The two little girls were buried in the *Sardis Methodist Church Cemetery* near Stamps, AR.

Henry H. Clift was born 11 April 1837 in Lincoln Co, TN., son of William W. Clift and Elizabeth Ann Norwood; grandson of Henry Clift and 1st wife, Sarah Bond; Charles N. Norwood and Elizabeth H. Moores. Wm. W. Clift died 22 Sept. 1840, leaving his widow and three children, Charles, Henry and Sarah. The widow married 2nd Park Gibson - they moved to Lawrence Co, TN. Before 1860 Henry H. went to Arkansas where an uncle, Josiah Moores Norwood, had moved. The 1860 census of Lafayette Co. shows his occupation as a Master Carpenter. It is said that he became an expert at making wooden screws which were used in compressing cotton at cotton gins. He would cut the interlocking screws from single blocks of wood. When the Civil War began he enlisted in Co. A 19th Regiment Arkansas Infantry. He was taken prisoner at the battle of Big Black Bridge, MS, and sent to Ft. Delaware, Del. and Point Lookout, Md. Although reticent about talking of his experiences, he did tell how he saved part of his food for his future brother-in-law, John H. Pipkin. Henry was fed better than some prisoners as he was kept busy making coffins for the unfortunate ones. After being exchanged on Christmas Day 1863, he returned to Arkansas. There was a family legend that Henry buried some gold before enlisting, and told only John Pipkin where it was buried.

When H. H. Clift moved to Texas he bought land in southwestern Grayson Co. in the Ethel community. When he was ready to build his house he could not find lumber to suit him, so sent back to Arkansas for seasoned timber. An extant picture shows an attractive two story home, no doubt designed and built by the owner. There was an orchard - peach, pear and cherry trees.

Farming and carpenter work provided his livelihood. Although Henry was not a formally educated man, his children said he read a lot and was a very good mathematician. He encouraged his children to go to college. In 1890 three of them, Lossie, Charlie and Wm. Henry were attending Grayson College in Whitewright.

Nancy A. D. Clift died 3 June 1903 and was buried in the *Ethel Cemetery*. After her death her husband spent much of his time with several children who had married and moved to Oklahoma. He was living with his daughter Lossie (Mrs. Mark Shumake) in Tioga when he died 21 Dec. 1913, after suffering a debilitating stroke. He was buried by his wife in the Ethel Cemetery. A short obituary about him was in the 'Confederate Veterans' magazine, Vol. 22, May 1914, page 227. The stone for the couple bears the inscription "Together we toiled - Together we rest."

Hello Cousin,

I just found out about this organization, thru a lady named Mrs. Frances Brite. The way was, I am a monument engraver and designer. The company I used to work for had an order to do work for her family and the name "PIPKIN" was in it. I don't remember what engraving was done. I have been retired from this work for 7 years.

The lady who wrote this article is the daughter of William Henry Clift, the one sitting in the middle of this picture. The man standing on the top right is my father. Both of my grandparents died before I was born. I was born in 1922, Nov. 24. My parents were married in 1904. My older sister who is still living is 18 years older than I am is the person who named me Richard Pipkin who was a brother to my grandmother. There are still Pipkin's living in Stamps, Ark. Two men working in the Post Office.

The person who wrote this article has died, and all the work she had done is in the Texas State Library in Austin. She found a Pipkin who lived in Ala. who fought in the War of 1812 who was given a 1/4 section of land. She had a copy of the document that was given to him. There are a few Pipkin's living in Beaumont, Tx, who are Methodist Ministers.

I hope this information will help you in your search for all Pipkin's.

*Good Luck,
Richard Pipkin Clift*

Lucy CLIFT, age 17, b. OK - living with her Uncle DUNN

[I, Rosie GUTHRIE, compiler of all of the collected PIPKIN data, came across a letter that my grandfather, William Elihu SANDERS' sister, Bessie "SANDERS" PINER, had written to Mrs. Lucie dated April 10, 1956, which is as follows in next paragraph -
[We are descendants of Emily PIPKIN, called Millie, one of the younger daughters of Rev. Lewis PIPKIN & Pheraby "BEASLEY". My mother was very fond of her Aunt Bessie & especially Uncle PINER. Their daughter's name is Mary Elizabeth "PINER" BENNETT, who is still living and my SANDERS cousin, Joseph HULL is trying to learn as much as he can about our SANDERS grandparents and siblings from her.]

In the contents of the letter my Great Aunt Bessie wrote - "Yes, your grandfather Prof. Dunn was Mr. Piner's good friend. I knew your parents in Tioga, TX, and your Aunts Lossie & Witt. I was in cousin Will Clift's room at school. I married Mr. Piner in Denison on Dec. 24, 1916. He was postmaster there. After he retired in 1924 we moved to Sherman where he died in 1935. I was his 2nd wife. We had a daughter. He had no children by his first marriage."

Lucie was a charter member of the *PIPKIN Family Association* in 1963 & was the President between 1966-1983. She lived in various places during that time, but mostly in Austin, Travis Co, TX, & used the University Library. Col. Phillip PIPKIN, the founder of *The PIPKIN Family Association* visited with her many times & described her as a very gracious & charming individual. In one of her letters that recently surfaced, she wrote "I joined the Presbyterian church when I married and my father was horrified saying "You know our people have always been Methodists!" She was a writer of many letters to the *Alabama Methodist Conference* to a Mr. MOSELEY, inquiring about her PIPKIN ancestry, verification of, & records of the PIPKIN ministers. Her very strong persistence was fabulous & we are very indebted to this lady!

In the Sunday, May 6, 1973, *Austin American-Statesman* is quite a long extensive writeup about the accomplishments of Mrs. Lucie Clift Price written by Crispin James of the Women's Staff. I will quote parts of the very long write-up -
Mrs. Price Looks Up Licenses for Genealogy Book - Mrs. Lucie C. Price says she has 'sung her swan song' but the song may provide lasting pleasure for those who 'hear' it. Off and on for the past year with a purse full of dimes for the parking meters and a determination to do something no one else had thought to do, Mrs. Price journeyed to the county Courthouse to copy Travis County marriage licenses for her book, "*Travis County, Texas, Marriages 1840-1882*". Her book, just recently published, contains more than 5,000 marriages... and many times two generations of family. The grooms are listed alphabetically and the brides are indexed. Marriage date, officiant and page number in the marriage book (at the County Courthouse) are shown. "Genealogy is quite a hobby now," says Mrs. Price. "You always want to know when your ancestors were born, married and died and a lot of times you don't even know what county they were married in. You can't go to all the courthouses to find out and that's why any printed records are valuable." Mrs. Price 'practically lives' in her den-study which houses many books, papers, a television, a typewriter, comfortable sofa and chair. It is in this room that she 'compiled' her book. "It embarrassed me when my children said, "Mama's writing a book", she said. "I told them I was compiling a book." The 'compiler' worked six hours a day, three days a week to get the material for her book. She began her project, with no book in mind, for the *Austin Genealogical Quarterly* of the *Austin Genealogy Society*. But the more she copied, the less she wanted to stop and so her project blossomed into a book. Although some might be afraid of research into the past because of family skeletons, Mrs. Price relishes the information she finds about long-dead relatives. "I might find someone who got hung from a tree...and that's the most interesting", she laughs. She has found at least one skelton...that of her great great grandfather, Joseph Ballenger, who made a name for himself by helping capture the infamous Harpe Brothers near Stanford, KY. But he also became a collector of U. S. taxes and absconded with some funds. While copying marriage licenses, she found the names of two of the great-grandfathers and grandfather of her son-in-law, T. Hardie Bowman. Her yardman's grandfather is also in the book. "A lot of families in Austin will find their ancestors in this book" she says. "Genealogy helps you identify your culture". Included in her marriage book are such well-known Texans as Anson Jones, the last president of the Republic of Texas; Gen. Tom Green, a famous Civil War general; M. Austin Bryan, nephew of Stephen F. Austin; Ben Thompson, a 'shoot 'em up' sheriff; Abner Cook, designer of the Governor's mansion and the father of many beautiful homes in Texas; and H. P. N. Gammel, who gathered laws and acts of the legislature known as Gammel's Laws. The main problem in transcribing the records was reading the handwriting" said Mrs. Price. "The capital letters S, L, J, I, F,

and T were particularly difficult. Many of the small letters were equally challenging." While copying the marriages, she also noticed that some licenses were never returned by the officiants to the county clerk's office. Records in books showed the date of issuance but not the date of marriage or return. So it is not known from the records if the marriage took place or not. All records in the books were checked against the extant original licenses" explained Mrs. Price in the preface to her book. "If the license itself showed a full name instead of initials, the full name was used so as to provide more information. Many names were spelled incorrectly or phonetically but were copied as spelled when readable." "I'm steeped in Travis County history," laughed Mrs. Price. "And I've learned so much Texas history that's never really been written about. It's like reading a novel it's so interesting."

In April 1983, Lucie's health began to fail her and she had to give up her involvement with genealogy, which was not her choice, but because her bad health demanded it. She was placed on oxygen usage because she was having difficulty in breathing. She soon was using oxygen 24 hours a day after being in and out of the hospital with a bronchial infection. She had 24 hour care so she could stay in her home as long as possible. Her daughter helped her get all of her genealogy papers in order & most, but not all, of them were eventually placed in the Texas State Library in Austin.

OBITUARY - [newspaper nor date not stated] - LUCIE CLIFT PRICE - Lucie Clift Price, age 83, of 2527 Harris Blvd, died Friday. She was the widow of the late Pinckney Brian Price. Mrs. Price was born in Davis Indian Territory, Oklahoma and was an avid historian, and a charter member of the Austin Genealogical Society. Survivors include two sons: Dr. Pinckney Clift Price and William H. Price, both of Austin; daughter, Mrs. Nancy Price Bowman, Austin; ten grandchildren; Dr. Brad Price, Tee Bowman, Coryell Price Malone, Nan Price, Lucie Price, Lewis Price, Clift Bowman, Sally Bowman, all of Austin, Mary Lou Price, La Grange and Melissa Herndon, Ft. Worth; five great-grandsons. Funeral services will be at 2:00 PM Monday, Westminster Presbyterian Church with the Rev. Tom A. Cutting, Jr. officiating. Burial in Austin Memorial Park. Memorial contributions may be made to the Austin Genealogical Society, P. O. Box 774, Austin, Texas 78767. Arrangements by Weed-Corley Funeral home.

The following letter was sent to *The Pipkin Family Association* by Nancy Price BOWMAN, daughter of Lucie Clift PRICE - The children of Lucie Price (Mama Lucie to all her grandchildren) felt that you should know that she died at Seton Hospital on September 9. She had spent 61 days at Seton in the last 6 months, re-entering August 28 after celebrating her 83rd birthday with the family at my home on August 27. Though her health steadily declined and she had 24 hour nursing and oxygen at home, her spirits stayed good and she never failed to be brave. Her funeral service was a glorious celebration. In attendance were 40 relatives including cousins and in-laws representing Clifts, Dunns and Prices from all over Texas and Okla. The minister, whose parents were my mother's and father's dear friends from the 20's in Ft. Smith, quoted from an appropriate passage, "I neither fear to die nor refuse to live." Though bereaved, we are grateful that she is at peace. Before us is the task of placing some of her research papers. If you would have requests of any, feel free to write me. We shall keep many but not all. Your friendship over the years has been a treasure to my mother.

LUCIE CLIFT PRICE GENEALOGICAL PAPERS

The family genealogical papers of Lucie Clift PRICE have been given by her children to the Barker Texas History Center at the University of Texas at Austin. Mrs PRICE who was a long time

President of the Pipkin Family Association, corresponded with over 800 people from 1950 until her death in 1983. Her papers have been catalogued and placed in legal sized folders. The collection takes up over 11 linear feet. The papers can be seen during library hours at the library adjacent to the Lyndon B. Johnson Library on the east side of the University of Texas Campus. Thanks to her daughter, Mrs. Nancy Price BOWMAN, 403 Buckeye Trail, Austin, TX, 78746, for this information.

[I do not know when they married or when she passed on. She was not with him in any census after the death of his first wife in 1907.]

5. Lossie Morgan CLIFT, called Lossie, b. 13 MAR 1872 in AR, d. 26 MAR 1967 in Little Rock, Pulaski Co, AR, m. on 30 SEP 1903 to m. Mark A. SHUMATE, lived in Tioga, Grayson Co, TX. She attended *Grayson College* in Whitewright prior to her marriage. Mark apparently d. some time after the 1910 census was taken so they had a very short marriage.

18 APR 1910 Precinct #5, Tioga Settlement, Grayson Co, TX, census, ED 100, Sheet 5A, #105/#109:

Mark was a grocery retail merchant. Ora is apparently the child of Mark SHUMATE's 1st marriage, thus no kin to Lossie who was his 2nd wife. Mark & Lossie had been married for 6 years, they had one child & one child is still living. Ora is widowed, had one child, one child still living.

7. John Earl CLIFT, b. 30 SEP 1876 in AR, d. 1957.

[By compiler - I have absolutely no idea if the following is the same as the John Earl CLIFT listed above, but the birth year & 'where born' does match. A lot of children seem to have confusion as to where either their father or mother were born. I have seen that problem throughout my research, so am going to go ahead & list this. The fact that this couple have a son named Ben, makes me feel that I have hopefully found the right John E. CLIFT. But please be your own judge.]

I - Rosie GUTHRIE, the compiler of all of the PIPKIN related collection, want it to be known that Lucie "CLIFT" PRICE was a very unusual lady, very persistent, always researching, and was a true 'super sleuth' from the word 'go'. I want to publically thank her for all of her fine work and her true dedication, even though she is deceased, hopefully she will 'get the word'. If it had not been for her hundreds of letters written to various connecting kin that she located through telephone books, talking to other connecting kin, every way possible to locate a living descendant, there would not be anything like what has been collected regarding our PIPKIN Ancestry. Col. Philip PIPKIN worked hard also, but Lucie was the true driving force. It would truly be wonderful if I had access to all of her volumes of research that was dedicated to a facility in Travis County, TX, many years ago. She had the whole PIPKIN Ancestry right within her reach in her study where she spent so much of her time. Lucie - I salute you!

**NOTE - To my knowledge Lucie never mentioned this in any of her correspondence, but some member of the CLIFT family, in the 1970's, delivered to the South doors of the *Oklahoma Historical Museum and Genealogy Library*, located on the East side of the *State of Oklahoma Capitol Building*, a chest that had to have belonged to our John PIPKIN Sr. They had taken pictures of it and sent the pictures off to an establishment located in England to get an evaluation as how old the chest was. Their answer back was the 1700's. It is wonderful to know that the chest had survived all of these many years, but that we also know the location of its final resting place. Fortunately, I live within 26 miles of the museum, so I will be able to personally view the 'remains' at any time that I wish. The two pictures available can be found posted on the PIPKIN website for all to see.

10. [Rev. Richard PIPKIN](#), b. ca 1798 in Wayne Co, NC, d. a young adult in AL in ca 1834. He never married, & must not have been in the best of health for several years. He was admitted on trial as a *Methodist Minister* in the *Mississippi Methodist Conference* and the *Alabama Methodist Circuit, Alabama District*, beginning in the year of 1823.

The Conference records indicate that he did not preach in 1825, 1826 and 1827, after which he served in the *Jones Valley Circuit* in Alabama in 1828, the *Chickasaway Circuit in Alabama* in 1829, and the *Wilkinson Washington District Circuit* in Perry County, AL, in 1831, and then the *Oakmulgee Circuit in Alabama* in 1832, becoming a charter member of the *Alabama Conference* when it was organized during that year.

He located & lived in Allentown, Wilcox Co, AL, in 1832. He did not preach in 1833 or 1834, but an effort was made in 1834 and he got sick. He had preached at *Taits' Chapel* in Black's Bend, Wilcox County, AL. Returning home, he sickened and died in Oak Hill, near Allentown, Wilcox Co, AL. The reports never indicated what his sickness was.

It is stated in writing in the *Methodist Conference* records that he was buried in one of the public graveyards in Oak Hill but the name of the cemetery was not mentioned.

[The *Methodist Conference* kept records on all of the preachers, including the approximate year they are born, where they are born, also same on their death, as well as their yearly assignments.]

Unfortunately, I was unable to locate him in any census in 1820 and 1830 as 'head of house'. He either lived with a family unknown to us or rented a room somewhere in Oak Hill. Although, my efforts to obtain early census of any county in Alabama has been almost fruitless.
